New Spray Clean Showerhead

- * Remove performance robbing sediment and mineral deposits with the swipe of your hand.
- * Two pressure Compensating Flow Rates: 2.5 gpm and 2.0 gpm

Finally a showerhead that can handle hard water. Simply swipe your hand across the thermoplastic rubber jets and remove mineral deposits that would destroy other showerheads. It is truly a better product for performance, acceptance, durability and savings.

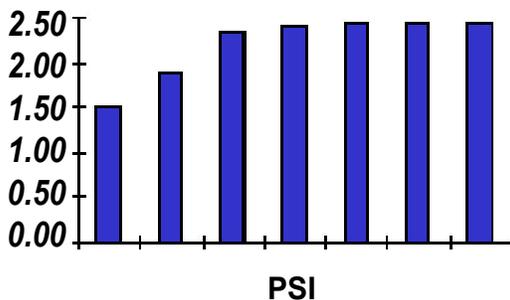

Spray Clean Fixed Spray Shower with Brass Nut Coupling

- 2.5 GPM and 2.0 GPM Max Pressure compensating flow control for performance regardless of pressure.
- Elegant styling.
- Pleasing single spray. If spray pattern begins to deteriorate because of mineral deposits, simply rub thermoplastic jets to remove the deposits and resume full spray.
- Non-removable flow controller.
- Dimensions: 2 3/4" x 2 9/16" standard, and 3 1/8 x 2 9/16" with on/off.
- Materials: High Impact ABS thermoplastic rubber jets, with chrome plated brass nut.
- Color options: White housing and dark face, chrome housing and dark face, with chrome plate brass nut coupling.
- Fits standard 1/2" NPT threads.

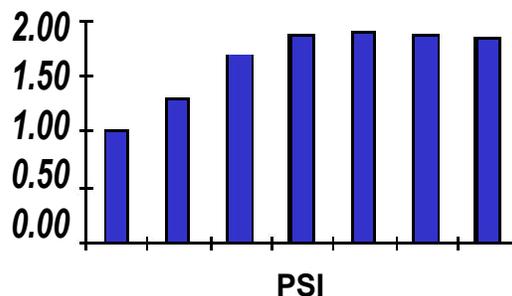

ES-220W White Spray Clean

2.5 GPM Pressure Compensating

2.0 GPM Pressure Compensating
